

north carolina cancer partnership

Organization

“The Vision”

That North Carolina’s collective effort will enable the state to become the national leader in responding to the many challenges associated with cancer, including:

- The promotion of healthy lifestyles & preventive behaviors
- The provision of universal access to screening & early detection resources
- Patient- & family-centered care that is accessible & affordable
- A cancer survivorship approach that is a collaboration between the patient, the family, the community & the health care system
- The elimination of all disparities related to access to all resources & services

Memorandum of Understanding

Membership is open to any organization (for-profit corporations and organizations, non-profit organizations, governmental agencies, and advocacy groups). As a member of the NC Cancer Partnership your organization is charged with endorsing the mission, vision, and goals of the partnership. You agree to be identified as a Partnership member organization.

Your organization will support the NC Comprehensive Cancer Program and the NC Advisory Committee on Cancer Coordination and Control by taking specific actions within your organization and through collaboration with other members or member organizations to help achieve the Partnership’s goals and strategies as expressed through the NC Cancer Plan.

Partnership members are charged with the development and implementation of the North Carolina Cancer Plan. The vision of the Partnership can only be achieved through your involvement in its continuing development and implementation of the goals and objectives. As an organizational member you agree to support the vision by being engaged in the Plan and its implementation so that our combined efforts will lead to the reduction of the burden of cancer for all the people of North Carolina.
